2. Application: the singular includes the plural and vice versa and any reference to 'he', 'she' or 'it' applies to all of them.

3. Basis of Contract:
a. These Terms and Conditions apply to the exclusion of any other terms that the Bidder/Buyer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.
b. Each Buyer is required to carefully read the Terms and Conditions before offering a bid. When a Buyer makes a bid he/she acknowledges that he/she has read, understood and accepted these terms.
c. TimeLine does not act for or give advice to Bidders/Buyers.

4. Dimensions, weights and colour: all dimensions and weights (including ring sizes) are approximate and are for general guidance only; a single dimension given is normally the greatest dimension for the piece(s). Although TimeLine have made every effort to precisely display the colours and condition of a Lot, TimeLine does not guarantee that a device displays them accurately. The Lot may vary slightly from those images.

5. Condition: A condition statement for lots is not given in the catalogue, printed or on-line. This does not infer that any lot is free from faults and prospective bidders must satisfy themselves entirely as to the fullcondition of each piece before placing bids. Condition Reports may be requested for any lot but are given only for general guidance and are inevitably subjective in character. Requests for Condition Reports should be made as early as possible; requests received at a late time may not be available before the lot is offered.

Bidders are encouraged to carefully examine in person any Lot(s) for which they intend or do Bid for. It is not possible to note all marks or defects and neither TimeLine or the Auctioneer make any guarantee as to the physical quality or condition of any Lot(s).

6. Dating: dates may be given in several forms, as examples below:
527 AD - an item that bears a date upon it or that can otherwise be dated with precision;
6th century AD - an item that can be dated with considerable confidence to a specific period;
Circa 6th century AD - an item that can be approximately dated by comparison with other pieces;
Probably 6th century AD - an item that is likely to be of this period in the light of similar pieces;
Possibly 6th century AD - an item that might be of this period by comparison with items of a broadly similar character; and
Undated - no date is known or suggested for the piece.
6th Century AD or later – an item is dated to a specific period but may also be a revival of style of a later date.

7. Attributions: works of art attributions may be given in several forms, as examples below:
Signed – a work bearing the signature of the named artist;
Attributed to – a work of the period of the artist which may be in whole or in part the work of the artist named;
Circle of – a work of the period of the artist and showing his influence;
Follower of – a contemporary or nearly so work executed in the style of the artist;
Manner of – a work executed in the style of the artist but of a later date; and
After – a copy of any date of a work of the artist.

8. Other Descriptive Matters: some other words or phrases are used descriptively, as examples below:
Style - an item made in the style of an earlier age but thought to be probably of later date.
Archaistic - an item made in the style of a much earlier age;
Grand Tour - an item usually of some age but in the style of an earlier age;
After the Antique - an item made as a reproduction, usually of quite modern date; and
Faux - used descriptively when the material used is probably imitative in character.

9. Lots including Archaeological or Cultural Property: a UK export licence from the Department for Digital, Culture, Media and Sport, is required for Lots originating from UK soil or territory leaving the UK and for such Lots of non-UK origin when leaving the EU. TimeLine will make applications for the necessary Cultural Property Export Licence as a 'free of charge' service to Buyers, where the Export Licence is legally required. If a Buyer requests for TimeLine to apply for an Export Licence where this is not legally required, an additional fee of £24 (VAT inclusive) will be invoiced to the Buyer. Buyers are advised to check concerning any Regulations applicable in their country of residence regarding importation and to enquire prior to bidding. The deferment of any Export Licence shall not be reason to cancel any bid nor to delay payment.

10. Lots including materials from Endangered Species: Buyers are responsible for obtaining a CITES licence when required for the export from the UK of any item(s) made of or containing materials such as ivory, tortoiseshell, rhinoceros horn, whalebone, etc.

11. Import Licences: Buyers are responsible for checking and ensuring compliance with any regulations applicable in their country of residence regarding importation.

13. General Conduct of Auction: TimeLine shall have absolute discretion as to lots offered for sale, lots withdrawn and the conduct of any Auction. TimeLine shall have absolute discretion to refuse entry, decline bids and expel any person from the Auction whether present in person or by agent or proxy or attending by way of any electronic media or telecommunications.

14. Viewing: all Lots are available to view. All prospective Bidders are advised to view any Lot(s) prior to bidding and the Bidder must form their own opinion before bidding. Public viewing arrangements will be advised in advance of the Date of Sale and private viewing can be arranged at the TimeLine premises by appointment.

The Buyer is obligated to make all and any enquiries he wishes as to the accuracy and authenticity of any sale description (including Condition, Dating and Attributions, as set out in clauses 5-7).The principle of caveat emptor applies except where expressly excluded by operation of law. While materials (such as catalogues) are vetted by an external committee of experts, TimeLine do not make or give any guarantee, warranty or representation or undertake any duty of care in relation to the description, illustrations or photographs of any Lot, including condition, quality, provenance, authenticity, background, style, period, age, origin, value and estimated selling price. TimeLine undertakes no obligation to examine, investigate or carry out any tests either in sufficient depth or at all to establish the accuracy or otherwise of any description or opinions given by TimeLine whether in the catalogue or elsewhere. Lots comprising Groups are sold strictly subject to them not being returnable for any reason whatsoever; the provisions set out under clause 43 are specifically excluded in respect of such Lots. For coins that have been authenticated, graded and encapsulated ('slabbed') by an independent grading company, no guarantee of any kind is offered by TimeLine. Buyers should note that removal or attempted removal from any slab will immediately void any independent guarantee that might have been offered by that grading company.

16. Condition Reports: All Lots are available for inspection. TimeLine will provide a report on the physical condition of any Lot on request. Bidders should note that reports are provided as a free service to interested Bidders. Descriptions therein are not warranties and all Lots are offered 'as seen' and 'as is'.

17. Estimates: estimates are for general guidance only and Lots may sell outside their indicated range(s). Bidders must make their own assessment as to the value of any Lot and conduct their bidding accordingly.

In the event of deliberate forgery being claimed for any Lot, the Buyer shall submit two opinions in writing from recognised experts for consideration; the inability of different experts to agree shall not be sufficient grounds. No liability is accepted by TimeLine for any costs/losses of the Buyer, including but not limited to fees, shipping, loss of profit, consequential costs or any other matters beyond the Hammer Price and Buyer's Premium. In all cases, any item must be returned to TimeLine, strictly in the condition it was in at the date of the sale being held; Buyers are advised that any form of destructive examination or testing undertaken will result in claims being rejected; claims resulting from results of tests under a scientific process not generally accepted for use at the Date of the Sale or which were unreasonably expensive in relation to the estimates for the lot or impractical or likely to have caused damage to the Lot at the Date of the Sale will not be allowed.

TimeLine will have no liability to the Buyer after a period of 14 days as then TimeLine will release monies and make payments to Sellers.

45. Import restrictions: Auction lots (or individual item/s within any given lot) of either Persian or Iranian origin are subject to United States trade restrictions which currently prohibit their import into the US, without exception. Buyers should be aware that similar (or other) restrictions may apply to other categories of items offered for sale. It is the sole responsibility of the buyer to satisfy themselves that any lot/s purchased at auction can be legally imported into the desired shipping destination prior to bidding.

Notice to Buyers
Some lots will require export licences in order to leave the UK, please contact us for advice if required. A condition statement for lots is not given in the catalogue, printed or on-line. This does not infer that any lot is free from faults and prospective bidders must satisfy themselves entirely as to the full condition of each piece before placing bids. Condition Reports may be requested for any lot but are given only for general guidance and are inevitably subjective in character. Requests for Condition Reports should be made as early as possible; requests received at a late time may not be available before the lot is offered. Estimate ranges are provided for general information only and are given in Pounds Sterling (£). For antiquities, approximate equivalents in Euros (EUR) and US Dollars (USD). Hammer prices may fall outside the ranges indicated. All bids and payments must be made in Pounds Sterling (£). Please be aware that items containing restricted animal-derived material such as coral or ivory will need a specialist CITES export license to leave the UK.

Lot estimates serve as a pre-sale guide for potential buyers and bidders and cannot, by their nature, serve as an indication of the final hammer price. The final hammer price is not inclusive of buyer's premium and/or other applicable taxes, which must be added to the final hammer price (see Terms & Conditions for details).
